Part of contributions are borne by the University (currently 23,35%) and part by the student (currently 11.68%).

The PhD School offers training and procedural support to be successfully placed on the job market (Academia) (PhD students are given the opportunity to attend conferences to present their papers, meet scholars of other universities and participate in job markets events).

The PhD student will also benefit from a **Health Insurance Policy** subscribed by Bocconi which covers accidents when involved in work-related activity at Bocconi and when travelling (the travel must be previously authorized by the Program Director).

The PhD student will be required to pay only the annual regional tax (currently € 140).
